Information how to register

Please fill in the entry form and send it by email or fax it latest **until November 15th, 2014**.

It does not matter when you will send it, as long as it is before November 15th.

Because there will be many more applications then starting places, we will have to make a selection, see the informations: "How the selection is done".

After November 15th only swimmers with their own boat may have a chance for a place.

Please be aware that we have an overall limit and even if you have your own boat we cannot guarantee a starting place.

After November 15th, if there are still places free, it will be first come first serve.

Important: read the separate information "own boat".

On December 15th we will upload a list on our website with all the swimmers which got a starting place for the race 2015. We will also inform all by email.

Please do not pay any entry fee before you are in the race.

Do not book any airplanes tickets or hotels before you have our confirmation of the starting place.

The race information and bank details we will send to the participants after December 15th.
