

Changing point and toilet stop in Meilen

You can change the paddler at the half way point in Meilen.

Before the ferry, right in front of the church are steps going into the water, this is a good place to change.

There is also a toilet close to the landing stage.

Swimmer must wear his tow float when swimming alone.

We have two boats in Meilen controlling the passing of the ferry line.

At 10:22, 12:49, 13:22 big passenger boats are coming, do not leave the swimmer alone at these times!!
